A SUGGESTIVE AND VERSATILE LOCATION

Two dedicated accesses lead to a 300sqm ground floor, divisible in different areas depending on customers' needs and requests. The two spacious terraces and large panoramic windows on the Tiber make the environment bright and charming. Both the areas, the indoor and the outdoor verandas, can host a typical restaurant set-up with tables or a lounge space with comfortable couches.
The wide staircase at the entrance leads to the upper floor (200sqm), a beautiful room comprising a central hall/dance floor (80sqm), with a DJ deck, an American bar and two panoramic mirrored terraces on the side (60sqm) presenting huge roofs that can be opened during the summertime.
